The Sparks Of Amalek

When the Rabbi's talk about the sparks and the gathering of the sparks in their texts they are referring to souls and to the souls of Jews who have reincarnated outside of the fold by the Diaspora this also relates to how the enemy uses this to deep level infiltrate society. By using their own souls who unconsciously are directed and connect into their field of psychic energy in the astral. This is why the Jewish Rabbinical leaders state those who thought they where Gentile and convert to Judaism state they just felt it in their soul. Then they go back generations in their family line and find out their family members they descend from where Jewish.

When the Jewish Rabbi's taught about the sparks of Amalek they are talking about the Satanic souls which have incarnated and are in opposition to them and resist their agenda. This relates to souls that have spiritually advanced themselves in different life times and were connected to the Gods. This is why the Jewish Rabbi's are obsessed with totally destroying any nation that gives them opposition because they understand what that means the collective soul consciousness and individual soul consciousness of such group is the way the resistance will come back around at any time. Amalek is the occult name of Satan in Judaism. Hence the Sparks of Amalek are literally Satanic souls.

The Jewish texts as ancient as the Bahir openly talk about reincarnation and the Jewish religious leaders have always known about this and taught it to those at the top they call it Gilgul. Their Rabbinical texts talk about the problem of the mixed multitude which are the souls that are part Jewish and Gentile that cause them issues with their laziness in following the Torah and are not strong enough in Jewish spirit. The Jewish texts mention how a Jewish soul in life times of their racial spiritual practices will ascend up the ladder of the world tree to higher realms. And how a soul will descend down the ladder with lack of practice. Which means they know what they have done to Gentiles by removing our spiritual practices they are keeping us weak so they can enslave us.

The entire society the Jews have created for Gentiles is a materialistic lie in which we are told there is nothing spiritual and for those who want spirituality they substitute this to the Goyim with psychological mumbo jumbo or the program of Jewish psychic vampirism and possession called Christianity. While the Jews go to Yeshiva where they do nothing but meditate and study Kabbalah and other occult Jewish teachings and practices all day. The average Hassidic Jew literally studies and recites the Torah for four hours a day and then spend up to five to six hours in the afternoon doing nothing but occult practices with the Kabbalah. The Jews have a system in which the most psychically open and advanced religious Jews in the Yeshiva's are sent to strict secret training with the top level adept Rabbi's and taught the Oral Torah totally which is the entire occult knowledge and practice of the Jewish race. The state of Israel which is run by the Jewish Rothchild's these religious Jews on order from the top of the Jewish race who run the Israeli state are given an endless stream of free money and other benefits including not

having to serve in the IDF. So they can do one thing..... Meditate, study and practice the Jewish occult teachings every day of the week. This is how important it is for the Jewish leadership. They know the spiritual is the key to success.

But hey Goy that's all nonsense the controlled establishment told you so. That's only for the Chosen.

The results of a spirituality unawake person is their consciousness is on the level of animalistic the Pashu which is what the ancient texts warn about. Think about how you can predict and train an animal and then herd then with ease. The Jews call us animals. Look at how they program and herd society this is why the psychic snare of the Torah works. The Sparks of Amalek are souls which are still too strong and do not fall under the control paradigm.
